

SANITATION

What is a Wag Bag?

- A safe, eco-friendly human waste disposal system.

Why use a Wag Bag?

- * The chemical renders fecal matter inert. The Bag itself will decompose completely in a season.

How do I use a Wag Bag?

- * Pee & poo in the bag.
- Add the chemical provided. Tie it shut.

Where do I dispose of a Wag Bag?

- Drop the Bag in any trash bin, not into toilets or outhouses.

Sanitation on the Rubicon - Get it right for the long haul.

Sanitation on the Rubicon

Get it right for the long haul.

Clean up your mess & then some

Don't leave "white flowers"

Use & pack-out Wag Bags

No Wag Bags in toilets

Pack out ALL trash
